The inside story

St Kitts is a tiny Caribbean island with a big punch – along with its sister isle of Nevis, just two-and-a-half miles south, it constitutes the smallest country in the Western hemisphere. This unspoilt and authentic sunshine escape delivers everything you’d expect from a Caribbean vacation – and then some. An UNESCO World Heritage-listed fortress, a scenic railway, cultural events and activities aplenty from ziplines and wreck diving to rainforest hikes and a fabulous golf course. There’s excellent food, with fresh fish, lobster and tropical fruits to the fore, and a diverse choice of beach and inland hotels from luxury to affordable. The thermometer hovers at an inviting 80°F average year-round, Kittitians are a welcoming and charismatic bunch, and – most importantly – the rum punches hit the spot.

OUT AND ABOUT
Just 18 miles long, St Kitts has a green landscape centered on a mountainous heart capped by the rainforest-cloaked volcano of Mt Liamuiga. To the southeast lies a long, undulating peninsula scalloped with golden sand beaches and the island’s newest resort, the new five-star Park Hyatt St Kitts. There are spectacular coastal vistas to neighboring islands and abundant heritage sites left from the days of sugar (production only ended in 2005). Today, St Kitts has a private jet terminal the YU lounge, the superyacht marina at Christophe Harbour and Port Zante, which is visited by many cruise ships.

FUN FOR ALL
To a child’s eyes, St Kitts is a blissfully warm and dreamy island of sandcastles, sailing and colorful fish. A trip can be educational too, as children can learn about the region’s nature and the legacies of slavery and colonialism. With an abundance of things to see and do, the island is particularly suitable for active families.

FLY AWAY TO A CARIBBEAN PARADISE
American Airlines, Air Canada, Delta, United and Seaborne all fly non-stop to the island

LOCAL TIP
The population of St Kitts is around 40,000 and the island is in close proximity to the USA and Canada

HIKING, ZIPLINING AND SNORKELING ARE JUST SOME OF THE ACTIVITIES TO KEEP THE KIDS BUSY AND GET THE ADRENALINE PUMPING
St Kitts is where the story of the modern Caribbean begins. In 1623, English adventurers established a fledgling colony at Old Road, with the French landing the following year. The legacy of this era, along with that of the indigenous Arawak and Carib peoples, can be found in petroglyphs, gravestones, venerable trees, evocative ruins and place-names from Sir Timothy’s Hill to Belle Vue.

Basseterre is home to the St Kitts National Museum and historic spaces such as The Circus, inspired by London’s Piccadilly, and Independence Square (formerly ‘Pall Mall’).

BACK IN THE DAY

Brimstone Hill Fortress National Park is home to an UNESCO World Heritage-listed military fort dating from 1690. There are bastions, lime kilns and the engrossing Fort George Museum. Nearby, at Sandy Point, the Amazing Grace Experience explains the link between St Kitts and the hymn composed by former slave trader John Newton in 1779. History lovers will also enjoy Wingfield Estate, where the ruins of the first working estate and rum distillery in the Caribbean have been uncovered, as well as the gardens of Romney Manor, once owned by a forefather of Thomas Jefferson.

AROUND AND ABOUT

You can explore St Kitts in many satisfying ways: hire a car, take a taxi tour or join an organized excursion. A recommended half-day adventure is to drive clockwise around the north coast with visits to the heritage sites mentioned, making further stops at the flora-filled St Kitts Eco-Park and the wave-pounded Black Rocks.

For something unique to the Caribbean, book a tour on the double-decker cars of the St Kitts Scenic Railway. Departing from Needsmust Station, the train travels around the north coast to La Vallée Station in Newton Ground with a 45-minute bus ride completing the circle.
The wow factor

1. ARRIVE IN STYLE
You step off the plane into a waiting Porsche Cayenne. It whisks you straight to YU Lounge, a standalone private terminal that provides a five-star, fast-track alternative to entry through Robert L Bradshaw International Airport. Relax in the Asian-style space with champagne and canapés while smartly-dressed staff deal with your luggage and entry formalities. There’s no better way to touch down in St Kitts – and when you depart there’s an outdoor pool area with sun loungers.

2. IT’S A SWEET RIDE
Are they singing a capella? On a moving train? Oh, yes they are! As the cheerfully-painted cars of the St Kitts Scenic Railway trundle around the coast, a Kittitian choir in traditional dress serenades its delighted passengers. Running for 18 miles, this narrow gauge track was originally built in 1926 to transport sugar cane – now it’s used for a memorable two-hour ride around the north coast, complete with guided commentary, drinks and sugar cakes.

3. THE ONLY WAY IS DOWN
Yee-ha! Once you commit to “De Boss,” the longest of Sky Safari’s five ziplines strung through the rainforest canopy at Wingfield Estate, there’s no turning back. Suddenly, you’re whizzing along, 250ft up in the trees and quite possibly screaming. Fortunately, they give you a helmet, training and safety briefing first, so by the time you reach the finale – the short but intense ‘River Rocker’ where a speed of 45mph is possible – you’ll be flying.

4. PAUSE FOR FORT
Huge stone battlements, a line of rusty cannons pointing out to sea, ghostly barracks and a poignant cemetery make it easy to see why Brimstone Hill Fortress National Park was designated an UNESCO World Heritage Site in 1999. Once home to over 1,000 soldiers and their families, this formidable citadel is one of the Caribbean’s most remarkable historical sites. Get the excellent audio guide and explore the museum.

5. INTO THE RAINFOREST
Despite an early morning start, the steep climb up the slopes of Mt Liamuiga, the crowning glory of St Kitts, takes its toll. Standing at 3,972 feet, this dormant volcano is a tough hike, but power through and suddenly you’re there, staring down into the rim of an intensely green, half-mile-wide volcanic crater known as “The Giant’s Salad Bowl.” Worth the struggle? You bet!
WHAT A BREEZE!

The sails are up and the catamaran is tearing along at a jaunty angle. If only we could bottle up the warm breeze, frame that view of the gorgeous green peak of Mt Nevis ahead... Book a sail with Leeward Island Charters and you’ll find its crew is a hoot – joking, dancing and showing everyone the good times that await out on the ocean wave. Once you reach the sister isle, they’ll drop anchor for a barbecue lunch on the beach, rum cocktails essential.

THE SOUND OF MUSIC

The lights are flashing, the band is on fire, everyone is singing along and it’s a hot, hot night. Held each June in the capital, Basseterre, the St Kitts Music Festival has been running for over 20 years so it’s no surprise that it is now established as one of the biggest and best parties in the Caribbean. Kool and the Gang, Roberta Flack, Shaggy, John Legend and more have played at the festival. Time a visit to enjoy the island sounds.

ONCE WAS LOST

1754 was a landmark year for an English foul-mouthed, slave trader called John Newton. On a visit to St Kitts, he fell into conversation with a captain of a Scottish ship, Alexander Clunie, who re-aligned him to the Christian cause. Back home, Newton joined the clergy and composed hymns, including one that begins “Amazing Grace, how sweet the sound.” For the full story, visit the Amazing Grace Experience Visitor Centre in Sandy Point.

IN GOOD TASTE

Caught the previous night, the tuna is moist and pink. It has been expertly pan-seared in coconut oil, served with an organic salad and a killer view of sand, sea and blue sky. A glass of wine? Why not? After all, moments like this are precisely why you fly to the Caribbean. Have you tried the local Brinley Gold rum? Mango, coconut, vanilla? When you hit St Kitts’ beach restaurants there are some tough choices to be made.

 Kittitians love cricket – top level international matches are played in Basseterre’s Warner Park Stadium and it’s usually easy to get a ticket.

The hills are equally rich with tropical fruits – mango, papaya, guava, avocado – and organic vegetables grown on small, hand-tended plots.

Farm-to-table, sea-to-plate, that’s the way it goes here from beach bars to fine dining restaurants. On the drinks front, there are rum-based cocktails, Caribbean beers and a host of exotic juices.

Menus are priced in US or EC dollars, so check first if it’s not clear and if a service charge has not been included, leave a tip.

Many couples automatically think ‘beach’ with the immaculately-kept sands of the St Kitts Marriott Resort in North Frigate Bay a favorite, but there are plenty more options. Luxury villas and aboard a catamaran are popular choices for a small, intimate ceremony, while photogenic locations include the lofty Brimstone Hill Fortress, the exclusive Palms Court Gardens and Romney Manor, with its magnificent 400-year old saman tree.

**BEACHES**

The best beaches on St Kitts adorn its southeast peninsula and have pristine sands, sheltered waters and fine views of nearby Nevis. Cockleshell Bay is the most popular but never feels overcrowded, with a good choice of bars, restaurants and watersports. Adjacent to this, crescent-shaped Banana Bay is home to the new Park Hyatt St Kitts resort. As a rule, the sands on the southern, Caribbean Sea-facing side of the island are the most family-friendly. South Friars Bay is ideal for a long beachcombing walk with a number of bars along the way.

Beaches on the northern, Atlantic-facing side are wilder with few facilities, so they're better for a bracing walk or kiteboarding, while there are black volcanic sands in the north at Dieppe Bay.

**MAKE A SPLASH**

Cockleshell Bay is home to St. Kitts Water Sports at Reggae Beach where you can rent kayaks, paddleboards, jet skis and flyboards. For snorkeling, try the clear waters of Whitehouse Bay where local operators can take divers to top sites like the wreck of the River Taw freighter and the fish-rich Monkey Shoals reef. The beaches on St Kitts are visited by leatherback turtles that nest from February to July, with hatchlings emerging in late September. You can learn more about these endangered creatures on nighttime eco-tours organized by the St Kitts Sea Turtle Monitoring Network. They run from April to June and are free for children 12 and under.

**PARTY TIME**

First the sundowners, then it's the bonfire on the beach, then the live band starts. Soca or reggae, both are good for dancing under the stars at The Strip in South Frigate Bay. Here, the bar names include Boozies, Vibes, Buddies and the bizarre-sounding Mr X’s Shiggidy Shack. Everyone asks him for an explanation, but few remember the answer.

**LOCAL TIP**

Kittitians love to hang out on the beach on weekends. If you want secluded sands, try Major’s Bay or Turtle Beach on a weekday.

It opens inland and features ten water hazards and 80 bunkers, with four sets of tees to appeal to golfers of all skill levels. The final stretch is oceanside and it does get windy, with Hole 17 being one of the course’s toughest tests. Relief awaits at the Clubhouse Grille, while the club has locker rooms, rental equipment and a pro shop with branded merchandise. Junior golfers are welcome to join the fun, with children aged 15 and under invited to play free after 15.00 when accompanied by a paying adult.
